LIVE FROM ANTARCTICA

APPLY FOR YOUR CLASS TO MEET REAL RESEARCHERS FROM THE ANTARCTIC!

Immerse your students in the fascinating world of Antarctic food web ecology and learn how scientists are using long-term experiments to study the Antarctic!

THROUGH THIS PROGRAM, STUDENTS WILL:

- Explore Antarctic ecology through NGSS-aligned classroom lessons
- Participate in one of five live Video Teleconferences (VTC) with scientists in Antarctica @ 1 pm ET/10 am PT:
  - February 4, 2027
  - February 11, 2027
  - February 16, 2027
  - February 18, 2027

For After School Programs and 4-H Clubs:

  - February 23, 2027 @ 7 pm ET/ 4 pm PT

IF ACCEPTED, EDUCATORS WILL:

- Attend a research team meeting with scientists via Zoom on **December 10, 2026, 7:00 PM ET/4:00 PM PT**,
- Integrate several activities from our **Data to the Rescue: Penguins Need Our Help!** into your classroom teaching to help prepare the students for the calls,
- Submit **10 questions** from your students at least 48 hours in advance of the call, and
- Fill out **pre and post surveys** to help us measure the impact of the program.

INTERESTED? APPLY HERE!

https://go.rutgers.edu/h1xxscf5

Complete the application by **November 13, 2026**.

Educators will be notified by November 30, 2026 of their acceptance into the program.
